**THE INTERNATIONAL CONFERENCE OF SOCIAL WORK**

The International Conference of Social Work will be held in Paris, July 8th-13th, 1928. Dr. Alice Masarykova is General Chairman of the International Organization Committee, and Dr. Rene Sand is the Secretary General. The National Conference of Social Work through a special committee is serving as the representative in the United States of the International Conference of Social Work.

**The Program**

Besides the opening and closing meetings, devoted especially to the election of officers, to the adoption of standing orders and to decisions concerning future International Conferences of Social Work, the Conference will hold plenary meetings and section meetings.

Plenary meetings will be held in the mornings, probably from 9 to 11. They will be entirely devoted to general addresses (not followed by discussion), made by speakers selected in advance. Copies of these addresses will be distributed at the beginning of the meeting, in French if the speaker uses English, in English if the speaker uses French, both in English and French if he speaks in any other language. In this way no verbal translation will be required.

Section meetings will be held in the afternoons, probably from 2 to 4. The five sections will hold simultaneous sessions. They will discuss the questions on the agenda, on each of which a report will have been distributed two months in advance. By this means the necessity of reading or even summarizing the reports will be avoided, and the discussion will be open immediately. Each speech will be summarized in French if made in English; in English if made in French; in both French and English if made in any other language.

#### Official Delegates From the United States

The National Conference of Social Work has been requested to provide an official delegation of at least one hundred from the United States to the International Conference of Social Work. After thoroughly considering the way in which this delegation should be built up, the Executive

Committee of the National Conference decided that each Division and Kindred Group of the Conference should designate a certain number of delegates who can and will attend. Other social work organizations in this country not represented in the above classification have also been asked to designate delegates. In this way, an official delegation thoroughly representative of the many phases of social work in this country will be appointed.

Official delegates will attend all of the sessions of the International Conference and will be expected to participate definitely in the discussion of one of the five sections of the International Conference. Social workers from the United States who are in Paris next summer will be welcome at all of the plenary sessions of the International Conference regardless of whether they are official delegates or not. The business sessions and the section meetings are reserved for the official delegates. This regulation has been made by the Executive Board of the International Conference of Social Work so that in the official business of the International Conference there shall be an equality of national representation.

#### Our Contribution

More than a year ago when plans for the International Conference were taking definite shape, the Executive Committee of the National Conference of Social Work voted to raise \$1000.00 from its membership for the general fund of the International Conference. This promise was one of the deciding factors in making possible the International Conference. The action of the Executive Committee was approved by the Conference itself at the meeting in Des Moines. Our contribution will go into the general fund of the International Conference and will be used for the necessary expenses of the meeting in Paris. It is our opportunity to express our good will toward social work the world over.

All members of the Conference will receive soon a letter asking for their contribution for this purpose.

#### Further Information

The office of the National Conference of Social Work at 277 East Long Street, Columbus, Ohio, will endeavor to have up to date information about the International Conference as rapidly as plans are completed in Paris.
